

# September Safety

## *Fire Extinguisher*

Remember: All personnel are responsible for fire extinguishers in their workcenter.

Supervisors ensure there is unobstructed access to each extinguisher.

Unit funding is used for maintenance/replacement.

(DAFMAN 91-203, Chapter 6)

*Smell Smoke? See fire?*

- **Sound the Alarm**
- **Get out-And Stay Out**
- **Close doors behind you**
- **Use alarm pull station on the way out**
- **Head to assembly area**

### **FIRE EXTINGUISHER USE**

#### **P: Pull Pin**

- Position yourself between fire and exit
- Hold under the handle with one hand
- Pull and discard pin with other hand

#### **A: Aim**

- Point nozzle just above the base of the fire
- Keep bottle upright

#### **S: Squeeze**

- Firmly squeeze trigger mechanism
- Maintain pressure with firm grip

#### **S: Sweep**

- Slowly sweep back and forth over base of fire

Bee Safe

*Use extinguisher only if  
you've been trained and  
there is a reasonable  
expectation to  
extinguish the fire.*
