

Fire Extinguisher

September Safety

Remember: All personnel are responsible for fire extinguishers in their workcenter.

Supervisors ensure there is unobstructed access to each extinguisher.

Unit funding is used for maintenance/replacement.

(DAFMAN 91-203, para 6.2.6.4.)

Smell Smoke? See fire?

- **Sound the Alarm**
- **Get out-And Stay Out**
- **Close doors behind you**
- **Use alarm pull station on way out**
- **Head to assembly area**

Use extinguisher only if you've been trained and there is a reasonable expectation to extinguish the fire.

FIRE EXTINGUISHER USE

P: Pull Pin

- Position yourself between fire and exit
- Hold under the handle with one hand
- Pull and discard pin with other hand

A: Aim

- Point nozzle just above the base of the fire
- Keep bottle upright
